SUMMARY

Computer Science graduate with a strong foundation in full stack development, proficient in Python, JavaScript, Java, and modern frameworks such as React and Django. Demonstrated ability to manage complex projects, drive innovation, and solve challenging technical problems through academic and freelance projects. Eager to apply technical expertise and leadership skills to a dynamic development team

EDUCATION

Southern New Hampshire University
Bachelor's Degree in Computer Science
2023 - 2025

TECHNICAL SKILLS

- Languages & Frameworks: Python, JavaScript, TypeScript, Java, C++, React, Django, Node.js
- Web Technologies: HTML, CSS, RESTful APIs, MEAN Stack
- Databases: MySQL, PostgreSQL, MongoDB
- Tools: Git, Docker, Linux, Agile/Scrum
- Data & ML: R, Statistical Analysis, Basic Machine Learning

PROJECTS

- Fantasy Sports Predictive Modeling
- Built ML models in Python to optimize fantasy sports lineups
- Managed SQL/MongoDB databases to drive insights
- SharePoint + Teams Integration with Salesforce
- Automated workflows and streamlined communication at a global scale
- Improved data consistency and team productivity
- Inventory Management System for my company to manage incoming and outgoing orders, Includes messaging and system notification settings. Built with a Django back end and a React front end.

EXPERIENCE

Freelance Technology Worker
Contracted | 2023 - Present

- Designed predictive models, Excel + NoSQL databases
- Integrated SharePoint with Salesforce, wrote scripts in Linux and PowerShell
- Demonstrated proficiency in Python and R programming, utilizing current and emerging techniques in machine learning and artificial intelligence.

Warehouse Manager/Developer
Furnacare Inc. | 2024 - Present

- Handle incoming and outgoing orders, facilitating transactions and developing a functional web application that serves as an inventory management system to track incoming and outgoing orders, inventory stock, and notifications.

Rest Tech/Crew Chief/Production Manager
ServPro | 2021 - 2023

- Certified in WRT, TCST, AMRT, and OCT (IICRC). Completed CE course in Large Loss Mastery (LLM).
- Managed Crew Chiefs, ensuring work compliance with respective standards (S500, S520, S540, etc.).
- Communicated with adjusters on Residential & Large Commercial jobs for timely payments and documentation.
- Managed multiple million-dollar losses, organizing and structuring documentation for Equipment Logs, Drying Reports, and Material & Atmospheric Readings. Led one of the top-5 ServPro franchises in the nation.

US Army Airborne-Infantryman
F82nd Airborne Division | 2017 - 2020

- Led leadership exercises and military battle drills in close quarters combat. Achieved Weapons Squad Leader recognition.
- Enhanced emergency preparedness, commanding oversight of tactical plans, equipment, and weapons.
- Optimized operational efficiencies, developing organization systems for records and reports.
- Prepared operation plans supporting security of resources and installations.
-
